Deele College Critical Incident Policy

*Based on Responding to Critical Incidents Resources for Schools.
National Educational Psychological Service (NEPS).*

Deele College aims to protect the well-being of its students and staff by providing a safe and nurturing environment at all times. Our Mission Statement affirms that we are:

“A Caring Learning Community, we promote mutual respect in a safe and happy School, where the fulfilment of each individual’s potential is our goal”.

The Board of Management, through Mr. Joe Boyle, has drawn up a Critical Incident Management Plan (CIMP) as one element of the school’s policies and plans.

Our aim is to establish a Critical Incident Management Team (CIMT) to steer the development and implementation of the Critical Incident Management Plan (CIMP).

Review and Research

The CIMT should consult resource documents available to schools on www.gov.ie and www.nosp.ie these include:

1. Responding to Critical Incidents Guidelines and Resources for Schools (NEPS 2016).
 2. Suicide Prevention in Schools: Best Practice Guidelines (IAS, National Suicide Review Group (2002).
 3. Suicide Prevention in the Community - A Practical Guide (HSE 2011).
 4. Well-Being in Post-Primary Schools Guidelines for Mental Health Promotion and Suicide Prevention (DES, DOH, HSE 2013).
 5. Well-Being in Primary Schools - Guidelines for Mental Health Promotion (DES, DOH, HSE 2015).
- Other useful documents may be found on websites listed on pages 95 and 96 of the Responding to Critical Incidents - NEPS Guidelines and Resource Materials for Schools.

What is a “Critical Incident”

The staff and management of Deele College recognise a critical incident to be

“an incident or sequence of events that overwhelms the normal coping mechanism of the school”.

Critical incidents may involve one or more students or staff members, or members of our local community. Make a list for your plan using examples as follows:

- The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death
- An intrusion into the school
- An accident involving members of the school community
- A major accident/tragedy in the wider community
- Serious damage to the school building through fire, flood, vandalism, etc.

Aim

The aim of the CIMP is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Pre-opening supervision in the school yard
- Front gate locked during school hours
- School doors locked during class time
- *Rules of the playground – include details.*

Psychological safety

The management and staff of Deele College aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

Some suggestions follow:

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. Issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse are addressed in the SPHE curriculum. Promotion of mental health is an integral part of this provision.
- Staff have access to training for their role in SPHE.
- Staff are familiar with the Child Protection Procedures and the name of the Designated Liaison Person.
- Books and resources on difficulties affecting the primary/post primary school student are available.
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety.
- Staff are informed in the area of suicide awareness and some have attended specialist training such as ASIST provided by the HSE.
- The school has developed links with a range of external agencies – please see Appendix 1 for a list these agencies.
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers. See DES Circulars 0023/2010 (Post-Primary).
- The school has a clear anti-bullying policy and deals with incidents of bullying in accordance with this policy.
- There is a care system in place in the school using the “Continuum of Support” approach which is outlined in the NEPS documents published on 2007 for primary schools and 2010 for post primary schools. See also Student Support Teams in Post Primary Schools (2014) and Student Support Teams in Post Primary Schools – A Guide to Establishing a Team or Reviewing an Existing Team (2021). These documents are available on www.gov.ie together with other NEPS resources related to wellbeing, coping with trauma and coping with COVID-19.
- Students who are identified as being at risk are referred to the designated staff member (e.g. guidance counsellor or support teacher), concerns are explored and the appropriate level of assistance and support is provided. Parents/guardians are informed, and where appropriate, a referral is made to an appropriate agency (a summary of this support is set out in R 23).
- Staff are informed about how to access support for themselves.

Critical Incident Management Team (CIMT)

A CIMT has been established in line with best practice. The members of the team were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet annually to review and update the policy and plan. Each member of the team has a dedicated critical incident folder. This contains a copy of the policy and plan and materials particular to their role, to be used in the event of an incident.
